WITHIN THE LIMITATIONS

**AN OPEN CALL
BY GREGORY DAINES
& LORRAIN MAILER**

ASHFORD VISUAL ARTISTS

Hello,

You started at the beginning, which I appreciate, as it allows me to share the origins of this project.

Within the Limitations started in response to seeing hundreds of empty CD cases in storage as a by-product of the CDs Lorrain used in her installations. It seemed crazy that something so highly engineered was now discarded and I wanted to give them a new purpose. These crystal-clear cases could be utilised to hold artwork.

I suggested the proposal to the arts group we're both part of, Ashford Visual Artists. I proposed an open call, open to all, without entry fees. Something universally accessible that would cost no more than the price of a stamp.

We launched Within The Limitations in mid-October 2023. The rules were simple, any artwork, any style, any medium, so long as it could fit within an empty CD case, 12x12cm. We promoted it online, through A-N, Curator Space and Instagram. I spoke about it on local news network KMTV and it was shared from artist to artist. Before long the postman was stopping at Lorrain's almost daily.

In all we received 381 entries, from Europe, North America, South America, Africa, Asia and Australia.

The following pages document all the artworks received.

Enjoy!
